What a fantastic wholesaler... The quality of their customer service is absolutely wonderful. I'd like to personally thank Mary for all the effort she put into my order. She took so much of her own time to answer all my questions and informed me about things I wasn't even aware of.

Also, their warehouse has so much more range than what is online alone so if you are after something that isn't listed, just ask... you won't be sorry.

Thank you again guys, you've earned a lifetime customer.
